

GDSTEM OFFERS SPECIAL DISCOUNT ON SUMMER SKILLS BOOKS

ORDERS DUE BY MAY 23rd

Help your students maintain their academic skills over the summer months and support GDSTEM with the Summer Skills Sharpener Fundraiser. Summer Skills Sharpeners are high-impact review books that help students maintain their skills.

Product Details: Summer Math Skills Sharpener is a series of 13 separate books (grades K-12) that *review* the mathematical concepts learned in the *just completed* school year. Consult your

child's teacher if you have concerns about appropriate skill level, but generally, you order "Grade 1" if your child just completed grade 1. The books are designed to work with any school curriculum to prepare students for the *next* level. For more information about the Summer Skills series including a grade-level overview and sample pages, visit www.summerskills.com.

Summer Skills Sharpeners are offered as a resource in several area school districts and have been recommended by local math tutors as supplementary materials. Last year, over 300 Summer Skills books were ordered by Groton-Dunstable families, and many families have found them to be fun and useful tools for summer math practice. Summer Skills Sharpeners are based on the National Curriculum Standards and are *not* designed to supplement any *specific* math curriculum. Summer Skills resource primers are also available for Language Arts, Spanish and French Language review.

SUMMER SKILLS SHARPENER ORDER FORM (2009)
